

Mission Statement

QUALITY, PEOPLE & THE ENVIRONMENT

Concept Chemicals Ltd is recognised as one of Europe's leading manufacturers of high quality cleaning and appearance enhancing products for the professional user. Concept's unique position in the market is founded upon the delivery of high, consistent quality levels across its diverse product range. Both internal and external stakeholders are encouraged to meet and exceed the highest industry standards on quality, human resource development and environmental awareness.

BS EN ISO 9001: 2000

(GB00/51644)

Processes within the company have been accredited to this industry standard since 2000. Concept is committed to ensuring the continuous improvement in the quality standards of its processes, people and products.

INVESTOR IN PEOPLE

INVESTOR IN PEOPLE

(WODS36/1)

People are the critical resource of all organisations. The company's employees fully participate in our culture of continuous development, ensuring that the company remains at the forefront of innovation in our markets.

ISO 14001: 2004

(GB06/69895)

Concept Chemicals gives the highest priority to preserving and respecting the environment within which it operates. The company encourages full compliance with appropriate legislation both internally and within its supply chain and customer base.

Quality, people and sensitivity to our environment are the three pillars that remain fundamental to Concept Chemicals' culture. As a company, we are committed to ensuring that we can continue to meet and exceed our customers' expectations as the business develops and grows in an ever more complex and challenging environment.
