

DOMESTIC APP WHITE

Advanced Paint System:

Technologically advanced durable acrylic formulation.

Super Finish:

High solid formulation gives enhanced coverage.

Multi-Use:

Suitable for many household domestic appliances. Also for many rigid plastic surfaces.

Preparation:

Base metal should be primed first then lightly sanded with wet or dry paper. Ensure that surfaces are painted, clean, dry and free from dirt, oil, wax etc.

CAUTION: Pressured Container.

Protect from sunlight. Do not expose to temperatures exceeding 50°C. Do not puncture or incinerate even when empty. Do not spray onto naked flame or any incandescent material.

Application:

Shake can vigorously.

An easy to use primer for metal surfaces prior painting with excellent anti-corrosive properties. Compatible with both acrylic and cellulose topcoats. Cap colour indication only.

AFTER USE Invert can and spray until valve is cleared.
