

SUPERFOAM

SUPERACTIVE CAR WASH FOAM

Controlled:

A complex blend of neutral surfactants formulated to generate a highly visual stable white foam when applied through car wash machines.

Rapid Action:

Foam generated quickly, yet rinses away completely.

Stable Foam:

Acts to soften adhered dirt and dried insects prior to the washing sequence.

Application Procedure:

Superfoam should be fed through the dosing pump of the machine in accordance with the machine manufacturers instructions.

Feed rate should be adjusted to give desired level of foam.

Typical Specification :

- Composition : A synergistic blend of anionic and amphoteric detergents in a water base.
- Appearance : Pink mobile liquid
- pH : 7 to 8.5
- Solubility : Complete
- Freezing Point : 0°C
- Shelf Life : Minimum 2 years in unopened containers at ambient temperature.
- Packaging : 25L, 1000L

CODE: 127
