

BOAT CLEANER EXTREME

VERSATILE MULTI-FUNCTION CLEANER

For fast, efficient cleaning and degreasing that easily removes oil, dirt, soot and marine growth from hulls. Ideal for engine compartment cleaning.

TOTAL SOLUTION: Suitable for use on all hard surfaces for quick, efficient and safe cleaning.

ECONOMIC: Concentrated formula with excellent dilution options.

Directions for Use:

- 1: 4 – BIMINI - Canvas Tops
- 1: 9 – General degreasing.
- 1: 19 – Plastic/vinyl-fabric upholstery/carpets.
- 1: 200 – Mopping floors/hard work surfaces dilute with up to 200 parts water.

Apply BOAT CLEANER XTREME by spray, mop or sponge. Allow a few minutes contact time. Agitate if necessary, then rinse thoroughly with clean water.

Do not use excessive strengths when a more diluted solution is appropriate.

Do not allow un-rinsed residues to dry out on surfaces being cleaned as these surfaces may be adversely affected.

For Fabric & Carpets: Check a small inconspicuous area of the fabric/carpet for colour fastness before commencing cleaning.

CAUTION: Some alloys and plastics are sensitive to alkali materials. If in doubt check before use.

NB: For cleaning/degreasing of aluminium surfaces use BOAT CLEANER – ALUMINIUM SAFE # M-20005.

Typical Specification :

Composition	: A complex blend of surfactants, chelating agents and glycols in an aqueous base.
pH	: 13.4
Colour	: Green Liquid
Odour	: Citrus
Shelf Life	: 2 years minimum in unopened containers.
Packaging	: 5L

CODE: M-300
