

LIQUID SHIELD

HYDROPHOBIC QUICK COATING

Multi-surface rapid action UV protective sealant: for use on gelcoat, topcoat, glass, plastics, stainless steel, Bimini tops. Long lasting – cures in 10 minutes to provide up to 3 months protection on hard surfaces.

Super-hydrophobic: Delivers water sheeting enhanced hydrophobic function-with dramatic Nano ‘Lotus-Leaf’ effect. Incredible high-slip finish. Repels water & dirt build-up and boosts scratch & abrasion resistance. Slows down barnacle growth below the waterline e.g. yacht keels and rudders to assist in race-boat performance.

DIRECTIONS:

Ensure surface is clean and dry. Shake before use. Spray sparingly directly onto surface. Wipe-over using clean dry Microfibre cloth ensuring an even coating. Turn cloth and buff immediately to a high gloss finish.

Typical Specification :

Composition	: A modified non-volatile silicone emulsion, combined with wetting agents, preservative and perfume in a water base.
Appearance	: Opaque liquid
Colour	: White
Perfume	: Light fruit
Stability	: Protect from freezing. Store at ambient temperature.
Shelf Life	: Minimum 2 years in unopened containers at ambient temperature.
Packaging	: 500ml, 5L plastic containers.

CODE: M-600
