

UV SEALANT

**Unique water based formulation contains no aromatic so
silicones**

UV Sealant: Unique coating system combining a blend of Nano composite, PTFE, and Acrylic Resins with UV screens to help stop fading and oxidation to your boat.

Unrivalled Gloss & Protection: 1 Year Boat Coating which delivers a deep gloss shine and the ultimate protective barrier on gelcoats, fibreglass, metal and painted surfaces. The protective barrier repels water and oil-based stains and deposits, making future clean-up quick and easy.

Performance: for best results UV Sealant should be applied annually to offer the best form of protection and to aid fuel efficiency in the water by creating less drag due to its super slick hydrophobic finish.

Environment Friendly: Unique water-based formulation contains no aromatic solvents.

Paintshop Approved: Contains no volatile silicones.

DIRECTIONS FOR USE:

Shake well before use.

Do not over apply or use in direct sunlight.

Apply onto surface prepared with M-12 or M-40 Surf-ACE MARINE Compound or directly onto new paint. Degrease surface prior to the application of UV SEALANT. Treat surface areas SECTION BY SECTION, approx. 1M².

Manual application: Apply using a clean polish applicator sponge in a conventional polishing manner. Allow film surface to haze for 2 minutes, then buff to a deep shine with a dry micro-fibre polishing cloth.

Machine application when coating large yachts:

Apply using a rotary machine with a wax applicator foam pad. Allow film surface to haze for 2 minutes, then buff to a deep shine with a dry micro-fibre polishing cloth.

IMPORTANT: Polished surfaces MUST be kept dry for a minimum of 4 hours to ensure that the initial curing phase is complete.

NB. Do not wash the surfaces for one week after application to allow the coating to fully cure.

Typical Specification :

Composition : An emulsified blend of P.T.F.E acrylic resin, waxes, non volatile silicones, polishing aids, non aromatic solvents in water.

Appearance : Opaque liquid

Colour : White

pH : 8.0

Odour : Warm fresh

Shelf Life : Two years minimum in unopened containers at ambient temperature. Protect from freezing.

Packaging : 1L

CODE: M-900
