

# UV WAX

## HIGH-GLOSS CARNAUBA SPEED WAX

**Nano Technology:** Super high gloss polish for extended wax protection and dirt repelling properties. Compatible with all Gelcoat and paint finishes.

**Fast and easy to apply:** Wipe on – polish off. Delivers a deep ‘wet-look’ gloss.

**Low chalk:** No dusting problems.

**User/environment friendly:** Unique water based formulation contains no aromatic solvents.

### Directions for use:

Shake before use. Apply UV Speed Wax sparingly to clean cool surfaces out of direct sunlight with soft polishing cloth. Buff to shine with a dry micro fibre polishing cloth
