PROTECTION SYSTEM

Product Data Sheet

WASH & WAX SHAMPOO

- NNano-Technology Rain Repellent
- Nano-technology gives your automotive glass extreme hydrophobic, water repellent properties. Forms a protective non-stick barrier making glass easier to clean.
- Rain drops bead up and fall away, giving you a clear view and improving your driving visibility during harsh weather conditions
- Provides a protective barrier - bugs & insects just slide off! Forget scrubbing your windshield! Just rinse and wash with water!
- Formulated to help prevent frost and snow sticking - making removal quicker and easier.
- 4-6 Weeks durability

ZIR508500
500ml/16.9fl/oz.

DIRECTIONS :

Do not apply to hot surfaces; use out of strong direct sunlight.

Rinse off any loose dirt/grit prior to washing. Always use a clean sponge and clean bucket.

Add 5 capfuls (50 ml) into a 10 litre bucket of hand hot water (1: 200). Work application from lower half of vehicle upwards.

Rinse off thoroughly with clean water.

To prevent water spotting dry off any remaining droplets with Auto-Dri Synthetic Chamois or Arid Drying Towel.

For additional information see relevant Safety Data Sheet.
